December 2023

UNIVERSITY OF SOUTH CAROLINA

Columbia, SC

Bachelor of Arts, Visual Communications

August 2008 – December 2012

EXPERIENCE

2NDSUN – *Ecommerce start up*

Denver, CO

UI Developer

September 2022 – Present

Develop user interfaces with REACT.

- Implemented Mantine UI component library (100+ React components) to create complex UI elements by reading the documentation, writing code, and integrating library into existing codebase.
- Creatively solved a variety of UI issues by translating Figma designs into fully responsive pages and React components using Mantine's Styles API and CSS-in-JS syntax.
- Implemented React Query library to make CRUD operations with backend server to create users and fetch and mutate data.

SHOPL – *universal shopping plug in start up*

Atlanta, GA

Frontend Software Engineering Intern

August 2022 – November 2022

Created web pages and collected data for plugin.

- Participated in stand ups three times weekly to discuss progress and plan future work.
- Collected data, created regular expressions, and wrote JavaScript web-scraping snippets, integrating 100 shopping sites into extension.

HWY 55 BURGERS, SHAKES, AND FRIES – *regional burger franchise*

Lugoff and Elgin, SC

Owner Operator

December 2015 – February 2022

Supervised 40+ employees, and oversaw hiring, training, financial and quality management for two franchises.

- Managed operations and success of franchises to achieve top 5% volume in SC regularly.
- Adapted business model to prosper during pandemic and grow sales 10% without indoor dining.
- Increased customer engagement and sales by developing marketing materials for billboards, social media, and print.

DEW LEARNING – *eLearning curriculum organization*

Charleston, SC

Graphic Designer

October 2013 – June 2014

Designed and created graphics for online homeschool curriculum.

- Created 50+ interactive lessons as part of an online home school curriculum using Adobe Creative Suite and a proprietary content management system, ensuring consistent design across multiple lessons and various subjects.
- Collaborated with colleagues, project managers and 10+ teachers daily to create an immersive learning experience for students.
